

NEUROGUT

European Training in
Neural Regulation of Intestinal Function

Young Researcher Camp

organised by Annikka Polster, NeuroGut ESR, Göteborgs Universitet

March 9th - 10th, 2017

Arrival: March 8th, 2017

TRAINING COURSE LOCATION:

Conference Center Wallenberg
Medicinaregatan 20A
40530 Göteborg

Time	DAY 1: 9.3.17	
8:30	Welcome Overview of the NeuroGut project	<i>Annikka Polster, MD</i>
9:15	Introduction to Functional Gastrointestinal Disorders	<i>Hans Törnblom, MD, PhD Associate Professor Gastroenterology University of Gothenburg</i>
10:15	Coffee	
10:45	Keynote Talk: Brain-Gut Axis: Bidirectional Communication and its Role in Functional Gastrointestinal Disorders	<i>Susanna Walter, MD, PhD Associate Professor Linköping University</i>
12:00	Lunch	
13:00	Keynote Talk: Mucosal Crosstalks and Immunology in Functional Gastrointestinal Disorders	<i>Javier Santos, MD, PhD Professor Stress & Neuroimmune-related Gastroenterological Disorders University of Barcelona</i>
14:00	Keynote Talk: The Role of Gut Microbiota in Diagnosis, Etiology and Treatment of Irritable Bowel Syndrome	<i>Mirjana Rajilic-Stojanovic, PhD Assistant Professor Department of Biochemical Engineering and Biotechnology University of Belgrad</i>
15:00	Discussion Round	
	Day 2: 10.3.17	
8:30	Academic vs Industry research: A report of first hand experiences	<i>Lena Öhman, PhD Associate Professor Immunology University of Gothenburg</i>
9:30	Systems Medicine: Whats happening in the field?	<i>Marija Cvijovic, PhD Associate Professor Department of Mathematical Sciences University of Gothenburg</i>
10:00	Coffee	
10:30	Keynote Talk: Clinical research in Neurogastroenterology	<i>Ad Masclee, MD, PhD Professor Gastroenterology and Hepatology Maastricht University</i>
11:30	Neurogastroenterology and Functional Gastrointestinal Disorders: Whats happening in Gothenburg?	<i>Magnus Simrén, MD, PhD Professor Gastroenterology University of Gothenburg</i>
12:30	Lunch	
13:00	Fellows get together	
	End
